Generally, it will take approximately 6 weeks to conduct the peer-review process. Please do not contact the journal editor to consult the process within this period, because it may increase the workload of the editor. However, if you do not receive the decision after 6 weeks, please add a discussion on this system, and we will reply as soon as possible.

Note: You may view "A review is overdue" on the system, this means one or more reviewers missed their deadline.
